We have teamed up with Outdoor Woodland & Learning Scotland (OWLS) to run a Schools Award.

What is it for?

The Award is to encourage and reward schools that increase young people's understanding and appreciation of the environmental, social and economic potential of trees, woodlands and forests and of the link between trees and everyday wood-based products.

Who can enter?

Entry is open to nursery, primary, secondary and special schools anywhere in Scotland.

What sort of project is eligible?

Entries can be any projects involving forestry, woodlands or trees.

Here are some examples of projects that you might want to enter:

- A programme of learning in a woodland or forest environment or in a forest industry setting
- Practical tree planting or woodland improvement projects in school grounds or in the local community.

The entry can be for an ongoing forestry or tree related project that has made considerable progress by the deadline date of end of March 2020, or one that is already complete. It should not be for a planned project or one that is in its early stage (these can be submitted in future years).
